Kingdom Christian Academy's mission is to **glorify God** through a unique community where Christ-centered **love and discipline** are present and students flourish as they **learn, grow, and serve**.

Pray for KCA

Lessons learned from Nehemiah

🪶 **“God breaks hearts before He builds walls.”**

Every Christian school expansion began because someone saw:

- children needing Christ-centered education
- families needing hope
- a community needing light
- future generations worth investing in

A campus is rarely born from convenience.

It is born from burden.

Questions for our school:

- What “broken walls” in our community will we respond to?
- Why does this campus matter spiritually, not just physically?

Pray for KCA

Lessons learned from Nehemiah

“Prayer comes before plans.”

Nehemiah 1:4

Nehemiah fasted and prayed before organizing people.

School Connection:

Blueprints matter. Budgets matter. But prayer is the foundation under the foundation.

Before:

- fundraising campaigns
- donor meetings
- construction phases
- enrollment pushes

...there must be prayer covering the mission.

A Christian school campus is not merely a project. It is ministry with drywall.

Create:

- prayer teams
- scripture walls
- student prayer walks
- weekly construction devotionals

Pray for KCA

Lessons learned from Nehemiah God Uses Positioned People Nehemiah 2

Nehemiah was a cupbearer to the king. God used his position to provide favor and resources.

School Connection:

God often provides through:

- donors
- business owners
- grandparents
- churches
- teachers
- administrators
- volunteers
- families

Some hold hammers.

Some hold checkbooks.

Some hold doors open.

All hold purpose.

 Everyone becomes part of the wall.
